

# HORTICULTURE & BUSINESS MANAGEMENT

*English variant of the Dutch study programme Tuinbouw en akkerbouw*

Did you know that the Netherlands is the world's second largest exporter of vegetables, flowers and other agricultural products? So, it's no surprise that other countries want to learn from our horticultural experience during the English degree programme Horticulture & Business Management, you'll discover the key to the Dutch success, and learn all about the technical innovations and production methods. Studying in an international environment, with students from all over the world.

## CAN CUCUMBER PLANTS BE BOOSTED?

THE **CUCUMBER BOOST CHALLENGE** OF  
PASCAL EN MICHELLE

In the world of cucumber plants, there's never a quiet season, as students Pascal and Michelle discovered during their cultivation project. They studied the limits of cultivation systems and came up with an innovative plan.

## ADMISSION REQUIREMENTS

The admission requirement for Horticulture & Business Management is a secondary school diploma which is equivalent to a Dutch havo/vwo diploma with the final-year subject mathematics and chemistry. Practical (work-) experience is beneficial but not obligatory. The level of your diploma will be assessed after you have uploaded your diploma in Studielink. To find out how your secondary school diploma is valued in the Netherlands, check the Country Module for your country of origin on [www.nuffic.nl](http://www.nuffic.nl).

## ENGLISH LANGUAGE REQUIREMENTS

Students who have completed their previous education in English are exempt from this requirement. All other students need to provide proof that they are proficient in the English language. HAS advises the IELTS language test ([www.ielts.org](http://www.ielts.org)). Overall band score (academic programma) has to be above 6.0. More information about other tests, like TOEFL and Cambridge ESOL Certificatie, see [www.hasuniversity.nl](http://www.hasuniversity.nl).
